Date : Dec 09, 2010

The screenshot shows a news article from The Economic Times. The main headline is "Globalising India needs 'schools of tomorrow': Harvard education professor". The article is dated 09 DEC 2010, 10:55 AM IST. The author is David Patek, a Harvard Graduate School of Education professor. The article discusses the challenges of the Indian education system and the need for a more holistic, application-based approach. It mentions that the Indian education system is based on the British system and is one of the largest in the world. The article also mentions that the government is in the process of amending the Right to Education Act. The article is part of a series of articles on education, with a link to "Education Franchise" and "Education Training".
