Workshop for parents held

Staff Reporter

COIMBATORE: iDiscoveri on Sunday organised a workshop, 'Child of Tomorrow', for parents. A release said the workshop was aimed at helping parents understand and identify the children's true potential.

Ashish Rajpal, founder and managing director, iDiscoveri Education, and Senthil Ganesh, managing trustee, RVS Educational Trust, addressed a gathering of over 350 parents.

The workshop highlighted how good parenting could help shape the child's future in today's competitive environment.

Mr. Rajpal shared his expe-

rience on child development and stressed on the role of parents in educating and learning.

Challenges

Mr. Senthil spoke on the changes taking place in education sector over the past two decades and the challenges the parents faced.

The release said iDiscoveri had been working closely with schools in Tamil Nadu since 2007 to improve the quality of education, curriculum and assessment services. iDiscoveri XSEED programme had demonstrated a visible difference in children's academic performance, English skills and personal confidence.
