

iDiscoveri XSEED presents
HOWARD GARDNER
India Tour 2012

Publication: DNA

Date: 26th January, 2012

● LECTURE

Dr Howard Gardner of Harvard University and the father of the theory of 'Multiple Intelligences' is coming to India for the first time. A professor of cognitive psychology at the Harvard Graduate School of Education, and considered to be one of the greatest education intellectuals alive, will deliver a public lecture on '5 Minds for the future'. Gardner has identified eight intelligences: linguistic, logic-mathematical, musical, spatial, bodily/kinesthetic, interpersonal, intrapersonal, and naturalistic

When: January 31

Where: American School of Bombay, Bandra (East)

Timing: 3.30pm to 7pm
